**The position of the European
troika on Irans nuclear
program 1997-2009**

Dr. faraqid dawood salman

Centar for Basrah and Arab Gulf Studies

University of Basrah

Abstract

Always see Iran that its nuclear program is for peaceful purposes, and that right to development, because it represents An important strategy in maintaining national independence, regional and its role in the region, this is placed between the jaws of the pliers American and European, between the first and second pressures negotiations see the troika of European countries Irans ambitions to acquire nuclear technology affects the security and stability of Europe, therefore the Iranian nuclear program such difficult exams Iranian relations-European.
