### **Updating the urban plan of the status holy city center of karbala**

#### **Abstract**

Cinter of karbala damaged during the demolition of the events in 1991 especially areas near the Imam Hussein ,peace be upon him and his brother Abbas .

Demolition has been left unused space and lack of visual and organic link with the rest of the city near or far from it ...

The removal of a link between Almrkadin surrounding them has led to the removal of many services ,disturbing the movement of vehicles and pedestrians in the city .

The mayor of karbala ,the implementation of the directorates of concrete fence to cover these areas ,dilapidated and led to distort the appearance of the city urban and the negative visual impact and Almrkadin and their surrounding in .

Addition to isolate them from the city which the free space that have emerged between Almrkadin and their axes ,some of the main streets led to the loss of the human standered for urban design to address the realities,so there was aneed for the preparation of city.

---

## **The research**

- 1-Examine the status of the city and tourismplanning the urban .
- 2-Take the preparation of urban design for the center of the city ,especially areas close to the  
Almrkadin mosques, in an attempt to link them visually and physically and environmentally .
- 3-Prepare recommendations for the implementation of aproposed design .
- 4-Preparation of recommendation to address the realities of city .
