

Contents of Scientific Researches

NO.	Researches & Researcher's Name	Page
1	Study the Effect of Disintegrant Types on Preparation and <i>In-Vitro</i> Evaluation of Salbutamol Sulfate Effervescent Granules Zahraa S. Alwan ¹ , Mohammed A. Ibrahim ¹ 1- Department of Pharmaceutics, College of Pharmacy/ University of Baghdad.	1 - 9
2	A Review on Iron Deficiency Anemia Abeer Cheaid Yousif Al-Fatlawi Department of Clinical Laboratories, College of Applied Medical Sciences, Kerbala University, Iraq.	10 - 17
3	A Review on Cardio Deleterious Effect of Doxorubicin Therapy with Possible Strategies that may Counteract Cardiotoxicity Furqan M. Abdulelah ¹ , Atheer S. Alsabah ² , Mustafa R. Abdulbaqi ³ 1 College of Pharmacy, Al-Bayan University, Baghdad, Iraq	18 - 27
4	Recent progress in developing selective histone deacetylase 6 inhibitors as potential effective anticancer agents: review Ameer H. Alwash ^{1*} , Baraa G. Alani ² , Ismail T. Ibrahim ³ 1-2 Department of pharmaceutical chemistry, College of pharmacy, Albayan University, Baghdad, Iraq	28 - 50
5	Role of regional anesthesia in orthopedic trauma 1Adil khudair yassa, 2Hatam Faawy Ghadhbanb MBCHB, Karbala health department, Alhindia hospital, Mosul University, Mosul, Iraq	51 - 57
6	Association of abdominal aortic calcium with coronary artery calcium and obstructive coronary artery disease Hanan Mohammed AL-Husseini ^{1*} , Hayder Qassim EL-Mosawi ² . 1 Al-Hussein Medical City, Kerbala, Iraq. 2 Department of radiology, Medical college, University of Kufa, Kufa, Iraq	58 - 67
7	Dissolution Enhancement of Danazol Nanoparticles prepared by Nanoprecipitation Method Luma Safa eldin. Al-hassnau ¹ , Firas A. Rahi ² , Mohammed S. Al lami ³ 1 Pharmacist, AL-Diwanyia teaching hospital, Iraq, 2 Faculty of Pharmacy, **Alturath University College. 3College of Pharmacy, University of Basra, Al Basrah, Iraq	68 - 89

8	<p>Formulation and characterization of Flurbiprofen nanoparticles loaded microneedles</p> <p>Hasanain Sh. Mahmood*1, Mowafaq M. Ghareeb2, Zahraa Oleiwi Hamzah1, Zahraa Mohammed Kadhimi1</p> <p>1 Department of Pharmaceutics, College of Pharmacy, University of Kerbala, Kerbala, Iraq</p> <p>2 Department of Pharmaceutics, College of Pharmacy, University of Baghdad, Baghdad, Iraq</p>	90 - 107
9	<p>Molecular and histopathological complications of wound healing in diabetic patients</p> <p>Hadeel Khalaf Alboaklah</p> <p>Department of Clinical Laboratory Science, College of Pharmacy, University of Kerbala</p>	108 - 117
10	<p>Hyperlipidemia: pathophysiology, causes, complications, and treatment. A review</p> <p>Zahraa Abd Alkareem¹, Amal Umran Mosa², Iman Hussein Naser³</p> <p>Iraq. University of Kerbala, Department of clinical pharmacy, College of pharmacy, 1,</p> <p>University of Kerbala, college of pharmacy, f pharmacology and toxicology, CDepartment o 2</p> <p>Department of pharmacology and toxicology, College of pharmacy, University of Kerbala, 3. ,Iraq</p>	118 - 132
11	<p>Review: Relationship between obesity and cancer</p> <p>Hadeel.Khalaf.Alboaklah¹, Rasha Abidalaziz Abdulmutalib²</p> <p>Clinical laboratory science, college of pharmacy, university of Kerbala</p>	133 - 145
12	<p>Tacrolimus monohydrate loaded lipid polymer hybrid nanoparticles Formulation and stability study</p> <p>Hussein Abdelamir Mohammad¹, Mowafaq M Ghareeb²</p> <p>¹Department of Pharmaceutics, Faculty of Pharmacy, University of Al-Qadisyiah, Al-Diwaniya, Iraq.</p> <p>²Department of Pharmaceutics, Faculty of Pharmacy, University of Baghdad, Baghdad, Iraq.</p>	146 - 165
13	<p>Formulation Techniques Used for Insulin Analogs Preparation, Types and Action: A review article</p> <p>Mustafa R. Abdulbaqi¹, Khulood S. Salim², Furqan M. Abdullelah²</p> <p>1Department of Pharmaceutics, College of Pharmacy, Al-Bayan University, Baghdad, Iraq</p> <p>2Department of Pharmacology and Toxicology, College of Pharmacy, Al-Bayan University, Baghdad, Iraq</p>	166 - 178
