- ❖ The journal receives scientific research in all fields of human sciences.
- ❖ The editorial board evaluates the examined science with experts who have been certified objectively to draw objective judgments and comments that elevate publishing acceptance.
- ❖ The journal refuses to publish research papers that do not match the worldwide known scientific research methods.
- ❖ The researcher is obligated to take into account any notes and comment received about his/her research, through what is determined by the evaluating experts.
- ❖ The research must not have been submitted to another journal, nor previously published. As a matter of guarantee, the researcher must undertake in writing to do so.
- ❖ The following shall be recorded on the first page: (the title of the research, the precise specialty of the research, the researcher's full name, scientific title, affiliation of work, email, phone number, ORCID number, and keywords, all of these data must be provided in both Arabic and English). In case there are more than one researcher their names and addresses must be listed to facilitate the process of contact.
- ❖ An abstract for the research is printed on a separate page, in both Arabic and English, provided that it does not exceed (200) words.

- ❖ In case the Arabic sources have a certified translation from the English language, it must be approved. As for the sources that do not have a certified translation into the English language (such as: لسان العرب), note that such books are translated phonetically, meaning that the source is written in English letters (Lisan Al-arab).
- ❖ The journal applies a plagiarism checking system using the Turnitin program. Thus, any research -in which the plagiarism rate exceeds the internationally accepted rate- is rejected for publication.
- ❖ Acceptance for publication does not oblige the journal to publish the scientific research within issues except what is befitting its scientific reputation.
- ❖ Research fees for researchers from inside Iraq are (100,000) IQD, provided that the number of the pages should not exceed (20) pages, including data, maps, and illustrations. If this happens, the researcher(s) must pay an amount of (5,000) dinars for each additional page.

- ❖ The research should be printed using (Microsoft Word) program, in (Simplified Arabic) font for research written in Arabic, and (Times New Roman) font for research written in English, in size (14) for the research body, and (16) for the main and sub-headings.
- ❖ After taking into account the evaluators' notes, a CD is attached to the corrected research according to the experts' comments.
- ❖ The research is divided into an introduction and appropriate headings that indicate it, to replace the list of contents.

*In the name of Allah the Most Merciful and Compassionate*

### **Issue address**

be to Allah — praise that fills the horizons with light and sends joy into the hearts — and blessings and peace be upon our master Muhammad, whose guidance God has made a constitution for humanity, and whose striving for truth is a lamp and an illumination.

To proceed...

O readers of Sura man Raa— you who have given the written word its majesty and knowledge its wellspring — here we are, presenting to you a new issue that carries within its folds thought woven on the loom of wisdom and enriched with the gleam of experience. It is an issue we wished to be a space for the spirit, a platform for the mind, and a bridge linking a noble past to a steadfast present, leading toward a future we hope will be bright and graceful.

Human beings — in the divine order — were created honorable, exalted in rank, noble in essence; bearing in their humanity a measure of weakness, in their spirit a measure of loftiness, and in their nature an inclination toward goodness when it appears, and toward beauty whenever it shines. When the heart yearns for virtue, it rises; when it responds to truth, it grows; when it is refined by knowledge, it ascends; and when adorned with mercy, it is protected.

Since the founding of its mission, this Journal has placed the human being at the core of development and the symbol of giving. It has believed that when thought becomes pure, it flourishes; when culture expands, it revitalizes; and when a nation becomes conscious, it advances toward the heights — halted by none, deterred by neither opponent nor obstacle.

Today, we present this new issue, which gathers within its covers studies that broaden understanding, articles that illuminate pathways, and insights that build bridges of profound comprehension — restoring confidence to the mind, vitality to the heart, and a gentle radiance to the spirit.

O bearers of the pen... O lovers of knowledge... O all who see in learning a provision and in awareness a safeguard... we invite you to rest

in the shade of this issue, to draw from its resources, and to enrich it with your critique and your thought. For through you the journal thrives, through your pens it rises, and through your suggestions it ascends — as a bird soars when it finds the sky a vast and welcoming expanse, limited only by hope and light.

We ask Allah to make these efforts sincere for His noble sake, beneficial to generations, and a beacon for the journey of knowledge. And we ask Him to preserve our city, Samarra, with all that its venerable history holds and all that its promising future foretells.

And praise be to Allah, first and last, outwardly and inwardly. And may blessings and peace be upon our master Muhammad, his family, and his companions — as long as lights shine in the sky of love and destinies unfold upon the paths of goodness.
