In the name of Allah the Most Merciful and Compassionate

Issue address

be to Allah — praise that fills the horizons with light and sends joy into the hearts — and blessings and peace be upon our master Muhammad, whose guidance God has made a constitution for humanity, and whose striving for truth is a lamp and an illumination.

To proceed...

O readers of Sura man Raa—you who have given the written word its majesty and knowledge its wellspring — here we are, presenting to you a new issue that carries within its folds thought woven on the loom of wisdom and enriched with the gleam of experience. It is an issue we wished to be a space for the spirit, a platform for the mind, and a bridge linking a noble past to a steadfast present, leading toward a future we hope will be bright and graceful.

Human beings — in the divine order — were created honorable, exalted in rank, noble in essence; bearing in their humanity a measure of weakness, in their spirit a measure of loftiness, and in their nature an inclination toward goodness when it appears, and toward beauty whenever it shines. When the heart yearns for virtue, it rises; when it responds to truth, it grows; when it is refined by knowledge, it ascends; and when adorned with mercy, it is protected.

Since the founding of its mission, this Journal has placed the human being at the core of development and the symbol of giving. It has believed that when thought becomes pure, it flourishes; when culture expands, it revitalizes; and when a nation becomes conscious, it advances toward the heights — halted by none, deterred by neither opponent nor obstacle.

Today, we present this new issue, which gathers within its covers studies that broaden understanding, articles that illuminate pathways, and insights that build bridges of profound comprehension — restoring confidence to the mind, vitality to the heart, and a gentle radiance to the spirit.

O bearers of the pen... O lovers of knowledge... O all who see in learning a provision and in awareness a safeguard... we invite you to rest

in the shade of this issue, to draw from its resources, and to enrich it with your critique and your thought. For through you the journal thrives, through your pens it rises, and through your suggestions it ascends — as a bird soars when it finds the sky a vast and welcoming expanse, limited only by hope and light.

We ask Allah to make these efforts sincere for His noble sake, beneficial to generations, and a beacon for the journey of knowledge. And we ask Him to preserve our city, Samarra, with all that its venerable history holds and all that its promising future foretells.

And praise be to Allah, first and last, outwardly and inwardly. And may blessings and peace be upon our master Muhammad, his family, and his companions — as long as lights shine in the sky of love and destinies unfold upon the paths of goodness.
